

**S4 Fig.** Objective response rates (ORRs) by T790M positivity status in tissue or liquid biopsy samples. ORRs according to Response Evaluation Criteria in Solid Tumors in the response evaluable population are shown as Venn diagram by T790M positivity in tissue or liquid biopsy samples. BALF, bronchoalveolar lavage fluid; T790M, (c.2369C>T; p.Thr790Met).
